

# Exploring The Future of Agricultural Commodities, Sustainability & Geopolitics

Innovations in Agricultural Commodities, Food  
Security and Innovation.

## About the Event

Intercontinental Commodity Exchange is the leading Exchange & Summit for agricultural commodities, food security and innovation. It brings together **high level delegates from around the globe** to discuss the future of commodity trading, vegetable oils, biofuels, carbon credit trading, innovations, and sustainability goals for the next decade.

It is the premier event for agricultural commodities and sustainability professionals, offering a unique opportunity for sellers and buyers. **\$200 million+ in trade deals** are exchanged each year, reflecting the event's impact.
